

Craig Deegan Australian Financial Accounting 7e Answers

Craig Deegan Australian Financial Accounting

Environmental accounting is a subset of accounting proper, its target being to incorporate both economic and environmental information. It can be conducted at the corporate level or at the level of a national economy through the System of Integrated Environmental and Economic Accounting, a satellite system to the National Accounts of Countries (among other things, the National Accounts produce ...

Environmental accounting - Wikipedia

A finance lease (also known as a capital lease or a sales lease) is a type of lease in which a finance company is typically the legal owner of the asset for the duration of the lease, while the lessee not only has operating control over the asset, but also has a some share of the economic risks and returns from the change in the valuation of the underlying asset.
