Qué?! Artist's conception of captain Maja Einstein, born in 1881, but still alive and kicking due to the relativistic time dilation. The theory of relativity is a beautiful theory that is fundamental to our understanding of nature at many different length and energy scales.

Captain Einstein - Original boat tours since 1905

In science, Occam's razor is used as a heuristic to guide scientists in developing theoretical models rather than as an arbiter between published models. In physics, parsimony was an important heuristic in Albert Einstein's formulation of special relativity, in the development and application of the principle of least action by Pierre Louis Maupertuis and Leonhard Euler, and in the development ...

Occam's razor - Wikipedia

According to www.webometrics.info, there are more than 17 000 universities, but getting a degree in many of them is quite costly. Many students around the world(and their families) get into big debt or have to work over sixty hours a week in order to afford an education.
