Ronk has been in business since 1950 providing phase converters to commercial, agricultural and municipal markets. We also make double-throw switches for generator backup systems (100 - 800 A in single- and three-phase versions), power factor correction capacitors (through 500 HP) and stray voltage isolators. We also manufacture Nema 3R enclosures in various sizes.

Ronk Electrical Industries

While some electrical components are convenience features, systems like wipers and lights are necessary for safe vehicle operation, and who would want to drive on a frigid day without a working heater! Each of these systems relies on the proper flow of electric power, so the windshield is properly cleared, you can see where you're going on a dark highway, and the blower fan spreads heat ...
