Best Answer: I own one too, but you don't say which 4.0 it has... there were 2, the ohv and the SOHC, THE OHV lacks power, where the SOHC has over 200 hp and is very peppy, this is the one I have and I like it very well...the only problem with it is the cam tensioners, they get loose and causes a rattling that sounds like a bad cat or a diesel motor.. they are very expensive to get fixed and have to be taken to the dealer and have the engine pulled, so usually they just install a new motor..
