### Heavy truck brakes test Flashcards | Quizlet

I've read all the post about "Hino Brake" problems, but I haven't seen our problem mentioned. ... They are in adjustment, and we don't know what else to do. Any advise would be welcomed. Thanks. greg334 ... your real problem is likely worn cam bushings. If you are going to keep the truck, replace the cams, the bushings and the slacks. While you ...

### Hino Brake Problems | Expedite Trucking Forums

We used to have this problem pretty severely especially as we would often put a load on the truck in the morning and then pull an empty trailer with very strong brakes to the job. I solved it on our trucks by installing a brake limiting valve. This proportionally reduces service air pressure to the trailer by about half (45%, I measured).

Since disc brakes in a truck cannot be adjusted, it's important that rear drum brakes be adjusted regularly. The rear drum brakes on a truck provide only 25 percent braking capacity if properly adjusted. If they are not, the percentage goes down. This becomes a problem for the front brakes as they will overwork to ...
