Choose the level of work that best suits each student's needs. For example, teachers can select the appropriate Maths Mate level. As progress is so easily monitored in the Maths Mate series, students can move from one level to another without any need to purchase a different level, or for the student to feel locked into a particular book.

By Jonathan Corum. Nov. 17, 2003. After spending some time last month trying to develop alternate graphic presentations for kinematic ratios in winged flight, I decided to try to answer one of the timeless questions of science: just what is the airspeed velocity of an unladen swallow?. What do you mean, an African or European Swallow?
